It is NOT sufficient to report a complaint of harassment to any other person. THE INDIVIDUAL MUST NOTIFY his or her Supervisor, the Principal, and the Dormitory Manager or the Superintendent. Board members may visit School events, classrooms, etc., and discuss School activities with employees, but the Board shall not interfere with the operation or management of the School.

The School Board shall handle complaints in the following manner:

1. Any Board member receiving complaints or concerns from individuals, groups or parents concerning personnel policies or any function of the School staff shall encourage that the complaint be placed in writing and sent to the Superintendent.

Investigation and Action

Upon receipt of a report, the Superintendent or another person designated by the School will investigate the complaint. The School may take steps at its own discretion to protect the complainant or others pending investigation in as confidential a manner as possible.

The School will take disciplinary action up to and including termination of employment, in the case of an employee, or other action, in the case of a non-employee, in cases where it determines that this policy has been violated.

No Retaliation

No retaliatory action will be taken against any individual who reports conduct, which he or she honestly believes, may violate this policy. Any employee or other individual subject to this policy retaliating against any person for reporting alleged harassment, or for assisting or participating in an investigation, proceeding or hearing related to a harassment complaint, may be subject to disciplinary or other action, which, in the case of an employee, may include termination of employment.

Grievance Procedure

The following procedure is to be used for employee grievances. A "grievance" is a complaint by an employee concerning the interpretation of application of policies and procedures governing personnel practices, departmental work rules, unsafe or unhealthy working conditions, or other policies or procedures of a working nature. It is crucial that the employees utilize this procedure in order to minimize disruption to the operations of the School, to support the maintenance of a positive school climate, and to provide the opportunity for resolution of the grievance at the lowest administrative level. If the appropriate procedural steps are not followed the grievance may be disallowed.

- Step I: The employee is to meet informally with his or her immediate supervisor to discuss the grievance and attempt to agree on a resolution. This step must be completed prior to proceeding to Step II, unless the employee's supervisor is the subject of the grievance, in which case the employee may go directly to Step III (Step V if the School Superintendent is the employee's immediate supervisor).
- Step II: If the grievance is not resolved in Step I, the employee may file a written grievance with his or her immediate supervisor within five (5) working days following the completion of Step I. The employee's written grievance must include date, reason for the grievance, a statement of the desired outcome (what the employee feels will resolve the difficulty), and the signature of the employee. A copy of the grievance must be filed with the School Superintendent.
- Step III: If the employee is not satisfied with the response of his or her supervisor in Step II, the employee may submit his or her written grievance to the Next Line Supervisor, with a copy to the employee's immediate supervisor, within five (5) working days of receiving the supervisor's Step II response. The Supervisor will issue a written response to the employee and the employee's supervisor within five (5) working days.
- Step IV: If the employee is not satisfied with the response of his or her next line supervisor in Step III, the employee may submit his or her written grievance to the School Superintendent, with a copy to the employee's next line supervisor, within five (5) working days upon receiving the next line supervisor Step III response. The Superintendent will issue a written response to the employee and the employee's next line supervisor within five (5) working days.

Step V: If the employee is not satisfied with the Step IV decision of the Superintendent, the employee may request a hearing with the School Board. The request for a hearing with the School Board must be filed with the Superintendent within five (5) working days following the employee's receipt of the Superintendent's Step IV decision. The Superintendent will schedule a hearing between the employee and the School Board at the next regularly scheduled School Board Meeting following the receipt of the employee's request for a hearing. The School Board will issue a decision within ten (10) days following the hearing. THE SCHOOL BOARD'S DECISION WILL BE FINAL.

Supervisor-Employee Relations

Consenting romantic and sexual relationships between supervisors and employees are not allowed. Dating a subordinate within their chain of command is prohibited. They are required to report any such relationships to the School Administration for appropriate reassignment of the subordinate employee.

Staff-Student Relations

Employees of the Circle of Nations School shall regard each student as an individual, shall assist each student in his or her learning, and shall treat each student with courtesy and consideration. Employees shall relate to students within guidelines established in the Code of Ethics portion of this handbook and the Quality Standards handbook. Failure to adhere to policies regarding staff-student relations may result in disciplinary action of the employee, up to and including termination of employment.

Employees are prohibited from fraternizing with students in an unethical manner, inclusive of, but not limited to the following situations:

- a. Having a romantic or intimate relationship with a student
- b. Contributing to the delinquency of a student

A student may only be checked out by the parent or legal guardian as indicated by school board policy. If written permission is given from the legal guardian the Principal and Residential Director have the authority to allow the student to be checked out.

Mentor Checkout policy

See the mentor coordinator for mentor check out procedures.

Conflict of Interest (Nepotism)

The School attempts to avoid favoritism, the appearance of favoritism and conflicts of interest in employment decisions and reserves the right to take action when relationships or associations of

employees impact the School's mission. To prevent situations in which a conflict of interest may arise, a School Board member shall excuse himself/herself from the meeting of the School Board when any personnel action involving an immediate relative of the member is being considered or discussed. Minutes of the Board proceedings shall reflect that the related Board member has excused himself/herself from the meeting. In addition, the School board and Superintendent shall not assign the direct supervision of any employee to an immediate relative. For the purposes of this policy, an immediate relative shall mean a father, mother, son, daughter, brother, sister, husband, wife, significant other and in-law to the same degree.

Employment of relatives under his/her direct supervision is prohibited under this policy. In addition, relatives should not participate in roles, which have the potential for influencing employment decisions.

To avoid possible conflict of interest, no superintendent, principal, director, manager, shall supervise or participate in peer or administrative review procedures if they are related to an employee or job applicant. They may also not participate either formally or informally in decisions (including rendering advice on decisions) on personnel matters affecting the relative, including, but not limited to, decisions to hire, promote, or determine salary.

In circumstances, which have the potential for conflict of interest, individuals have the responsibility for disclosing that a conflict of interest may exist to the superintendent, principal, director, or manager prior to making any employment decisions. The specifics of the potential conflict do not have to be provided.

Decisions about individual cases should be made on the basis of these principles. In cases where the application of a principle is disputed, the superintendent may be asked to assist in resolution. If resolution cannot be achieved, an employee can follow the established procedure for filing a grievance. The superintendent shall have final approval regarding the application of the general principles to particular cases. Not every relationship that can create favoritism or the appearance of favoritism can be listed here. Whenever an employee enters into a relationship with another employee he/she should ask whether the appearance of nepotism or whether an audit or control function may be compromised.

In the event of potential conflict of interest the Superintendent has the authority to reassign that person to another position.

G. Procedures

1. The supervisor who receives reliable information that an employee may be unfit for duty, or through personal observation believes an employee to be unfit for duty, will validate and document the information or observations as soon as is practicable. Actions that may trigger the need to evaluate an employee's fitness for duty include, but are not limited to, problems with dexterity, coordination, concentration, memory, alertness, vision, speech, inappropriate interactions with coworkers or supervisors, inappropriate reactions to criticism, or suicidal or threatening statements.
2. The supervisor will present the information or observations to the employee at the earliest possible time in order to validate them; and will allow the employee to explain his or her actions, or to correct any mistakes of fact contained in the description of those actions. The supervisor will then determine whether the employee should leave the workplace immediately for safety reasons.
3. In situations where there is a basis to think that a crime may have been committed and/or the employee is making threats to harm himself or herself or others, or is acting in a manner that is immediately dangerous to himself or herself or others, the supervisor shall contact The Wahpeton Police Department. Human Resources should be consulted regarding the fitness for duty procedure after the immediate safety issue has been addressed.
4. In all other circumstances the supervisor shall take appropriate action as soon as possible after he or she receives reports and validates or personally observes an employee's unfit behavior. (For situations arising outside the 8:00 a.m. to 5:00 p.m. workday, the supervisor/manager will make a determination of whether the employee should leave the workplace immediately for safety reasons.)
5. Based on the descriptions provided by the supervisor, HR will determine whether a fitness for duty evaluation is required and, if so, the type of evaluation needed and the type of health service provider to make the evaluation. HR will then provide a form to the supervisor containing that information, and the supervisor will convey the form to the employee.
6. HR will provide a form for the designated health service provider for completion to certify whether the employee is fit to return to work. The health service provider form will include a behavioral description of the circumstances leading to the request for evaluation, and a list of the employee's relevant duties. HR may facilitate communication with the health service provider as necessary.
7. In most cases, the employee will be responsible for the cost of the fitness for duty evaluation not covered by the employee's health plan.
8. Based on information provided by the health service provider, HR will advise the supervisor whether the employee should return to work and, if so, the conditions of return, including whether the employee must attend a reentry conference with the supervisor and HR, and whether additional follow-up meetings are necessary. The final decision on whether a provider's certification will be accepted lies with the

employee's departmental management. A second independent health service provider certification may be requested in some cases. The employer will be responsible for the cost of the second independent provider's certification.

9. The employee must comply with all aspects of the fitness for duty and evaluation procedures, including furnishing necessary consent and release forms to the health service provider. Noncompliance may be grounds for disciplinary action up to and including termination. Information will be requested from the health service provider regarding work restrictions that may be required upon the employee's return to work

10. Application of this policy is not intended as a substitute for other school policies or procedures related to performance; nor is it intended as a substitute for discipline.

For Assistance: Questions regarding fitness for duty should be directed to the HR office at (701) 672-7227.

Benefits:

Dental Plan

A dental plan for full-time staff and their dependents is available beginning at the time of employment or during open enrollment. Coverage is effective the 1st or the 16th of the month after you have been employed 30 days. You must be actively at work on the day your coverage is scheduled to begin. A more detailed description of coverage is provided in a separate handout.

Employees can make changes to their existing insurance plan during open enrollment (in August) unless they have a qualifying event.

If you do not have a dependent at the time of enrollment in the plan, but later acquire a dependent, this person becomes eligible to participate in the plan on the date that he or she becomes your dependent.

Dependent includes your lawful spouse, your children and stepchildren younger than 19 who are not full time students and your children and stepchildren younger than 26 who are full-time students. Dependents can be added to your policy within 60 days of the date of a dependent is acquired. The "acquired date" is the date of birth, marriage, or in the case of adoption, the date the child enters the home.

Unmarried financially dependent children under the age of 22 and up to the age of 26 (if they are full-time students at an accredited institution) are considered eligible dependants. See Insurance Carrier Summary Plan for full description of services.

The staff member and Circle of Nations School, Inc. will share the cost of coverage. The staff member's share is 25% of the premium with the Circle of Nations School paying the remaining 75%.

Before your coverage or that of your dependants becomes effective, you must fill out an application. The form also authorizes pretax payroll deductions for coverage. This form is available from the payroll department.

Our insurance carrier will issue ID cards any time a change is made. If you need replacement cards, you may contact BCBS customer service at 1-800-342-4718 or CNS Payroll Manager at extension 259.

If you terminate employment at CNS, your insurance coverage will terminate on the 1st or the 15th day of the month depending whichever is after and closer to your termination date.
